

EMBERS

LEARNING

COMMUNITY

BROUGHT TO YOU BY THE FOUNDERS OF THE OUTDOOR LEARNING COMPANY

1 WELCOME NOTE

We're thrilled to welcome you to Embers Learning Community, a special initiative created by Liz & Justin Hannam in 2021. This offering is a cherished part of The Outdoor Learning Company, which has been nurturing curiosity and adventure since 2012.

Over many years, The Outdoor Learning Company has expanded its offerings, including preschools, holiday clubs, and Forest Schools across Hampshire. Stepping into the realm of home education has been an incredible journey for us. For Justin and Liz, this experience has been so enriching that their children have thrived without ever attending traditional school.

While our roots are in Forest School, inspired by its ethos and the joy of learning through nature, our passion for children's education and development drives us to continually learn and grow. This is more than just a job for us—it's an adventure. We've explored various learning approaches, completed numerous courses, read extensively, watched documentaries, listened to expert podcasts, and observed different teaching styles. Most importantly, we've spent countless hours with the children in our care, discovering what truly supports their learning and growth. We created Embers Learning Community to offer something unique and special to the home education community. We're excited to share this with you.

We hope you find inspiration in this prospectus and are encouraged to join us on this remarkable journey. Together, as a community, we will grow and evolve in this exciting adventure.

Justin & Ben, Founders of The Outdoor Learning Company

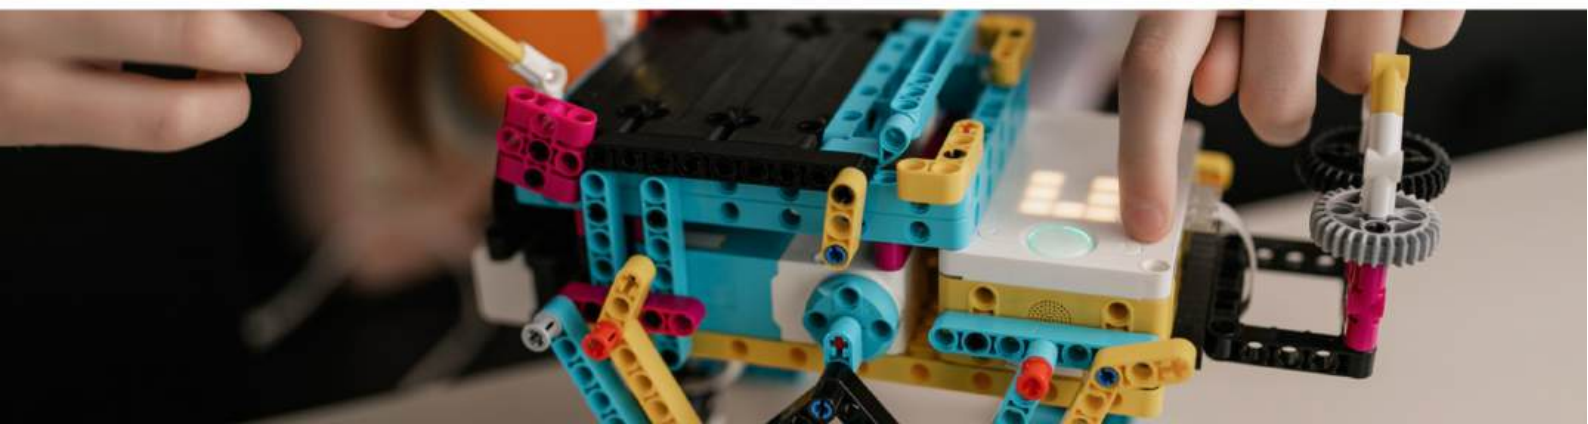

2 OUR VISION

At Embers, we create a warm and welcoming environment where children can have fun, feel valued, and develop the confidence to become resilient, lifelong learners, ready for the 21st century.

Our community is dedicated to helping children grow in all aspects of life, allowing them to experience joy, wonder, and a true sense of belonging.

Children at Embers learn through rich and diverse experiences that are centered around their interests. Whether through curiosity-driven exploration, intentional play, or time spent in nature, we aim to help them develop skills and create memories that will last a lifetime.

With the support of caring adults and their peers, children engage in cross-curricular, project-based activities. They are encouraged to follow their passions, take ownership of their learning, and express themselves in creative and imaginative ways.

3 OUR APPROACH

At Embers, our approach shapes every moment of our day together, creating an environment where self-directed learning thrives. By focusing on the whole child—mind, body, and spirit—we design our days to encourage curiosity and exploration.

Each day is guided by five key areas: mind, body, spirit, environment, and community. This structure allows for a seamless blend of adult-guided activities and child-initiated exploration, ensuring that children have the freedom to follow their interests while also being supported in their growth.

For example, children may choose to immerse themselves in activities like reading, journaling, or experimenting, nurturing their minds. They might decide to move their bodies through yoga, sports, or dance. Their spirits are uplifted through music, creative arts, and meaningful discussions. Our environment is shaped by the children themselves as they engage in gardening, cooking, and creating inviting spaces. And, throughout it all, a sense of community is fostered through cooperative games, shared stories, and group reflections.

At Embers, our approach doesn't just guide what we do; it deeply influences how we do it. By creating a balance between structure and freedom, we support each child's natural love for learning, making every day a meaningful experience.

4 SHARING DAY

Celebration is a key part of our learning community. We believe in taking time to celebrate what matters to each of us—our achievements, our progress, and the journey we've shared together.

At the end of each term, we come together for Sharing Day, a special event where we gather as a community to share food and celebrate all the amazing work we've done. Sharing Day can take many forms, including exhibitions, performances, music, film screenings, artwork displays, and even running a café. The children take the lead in planning, preparing, and hosting these events, with guidance from our facilitators.

It's also a time to reflect on what went well and consider what we might do differently next term, sharing what we enjoyed and what we found challenging.

Sharing Day is more than just a celebration—it marks the end of a project, the close of a term, and the start of something new. It's a special part of the Embers experience that everyone looks forward to.

5 WORLD READY

Our aim at Embers is to have children leave us with a thirst for learning, exploration and investigation.

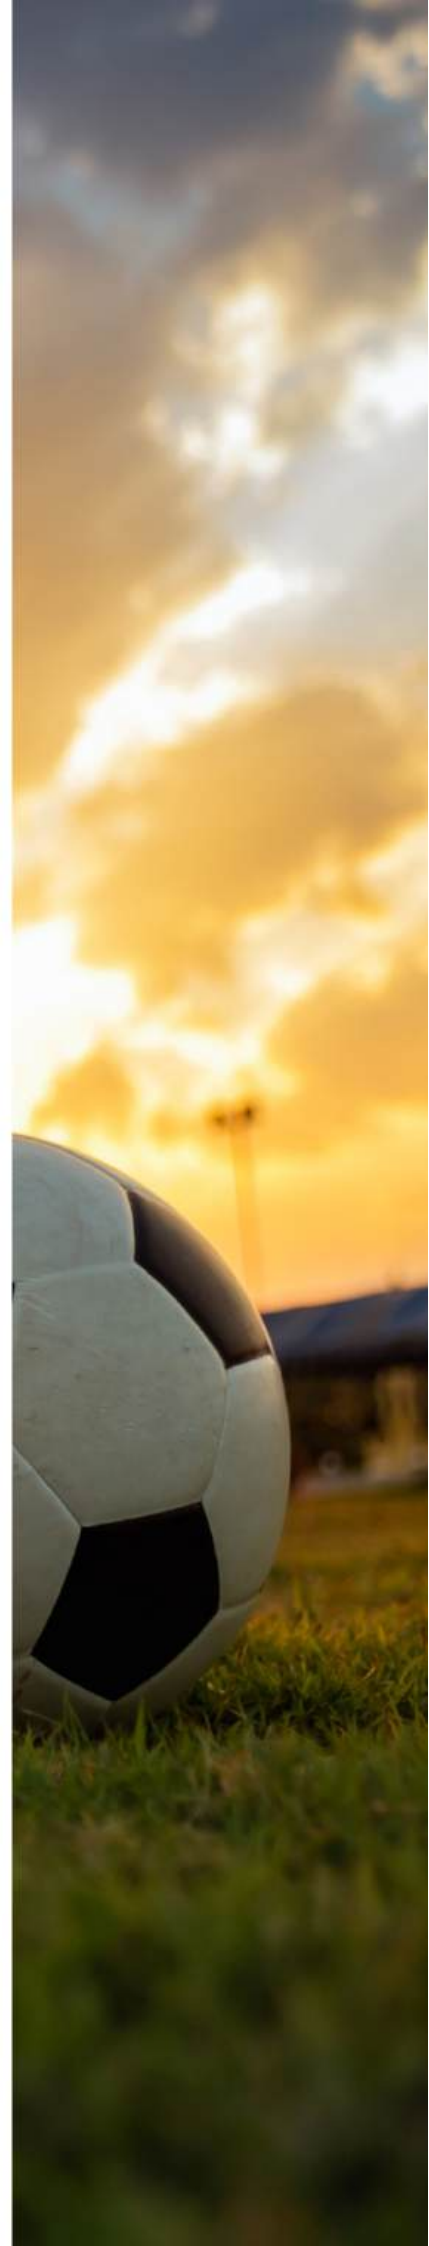

The self confidence to ask questions and challenge ideas.

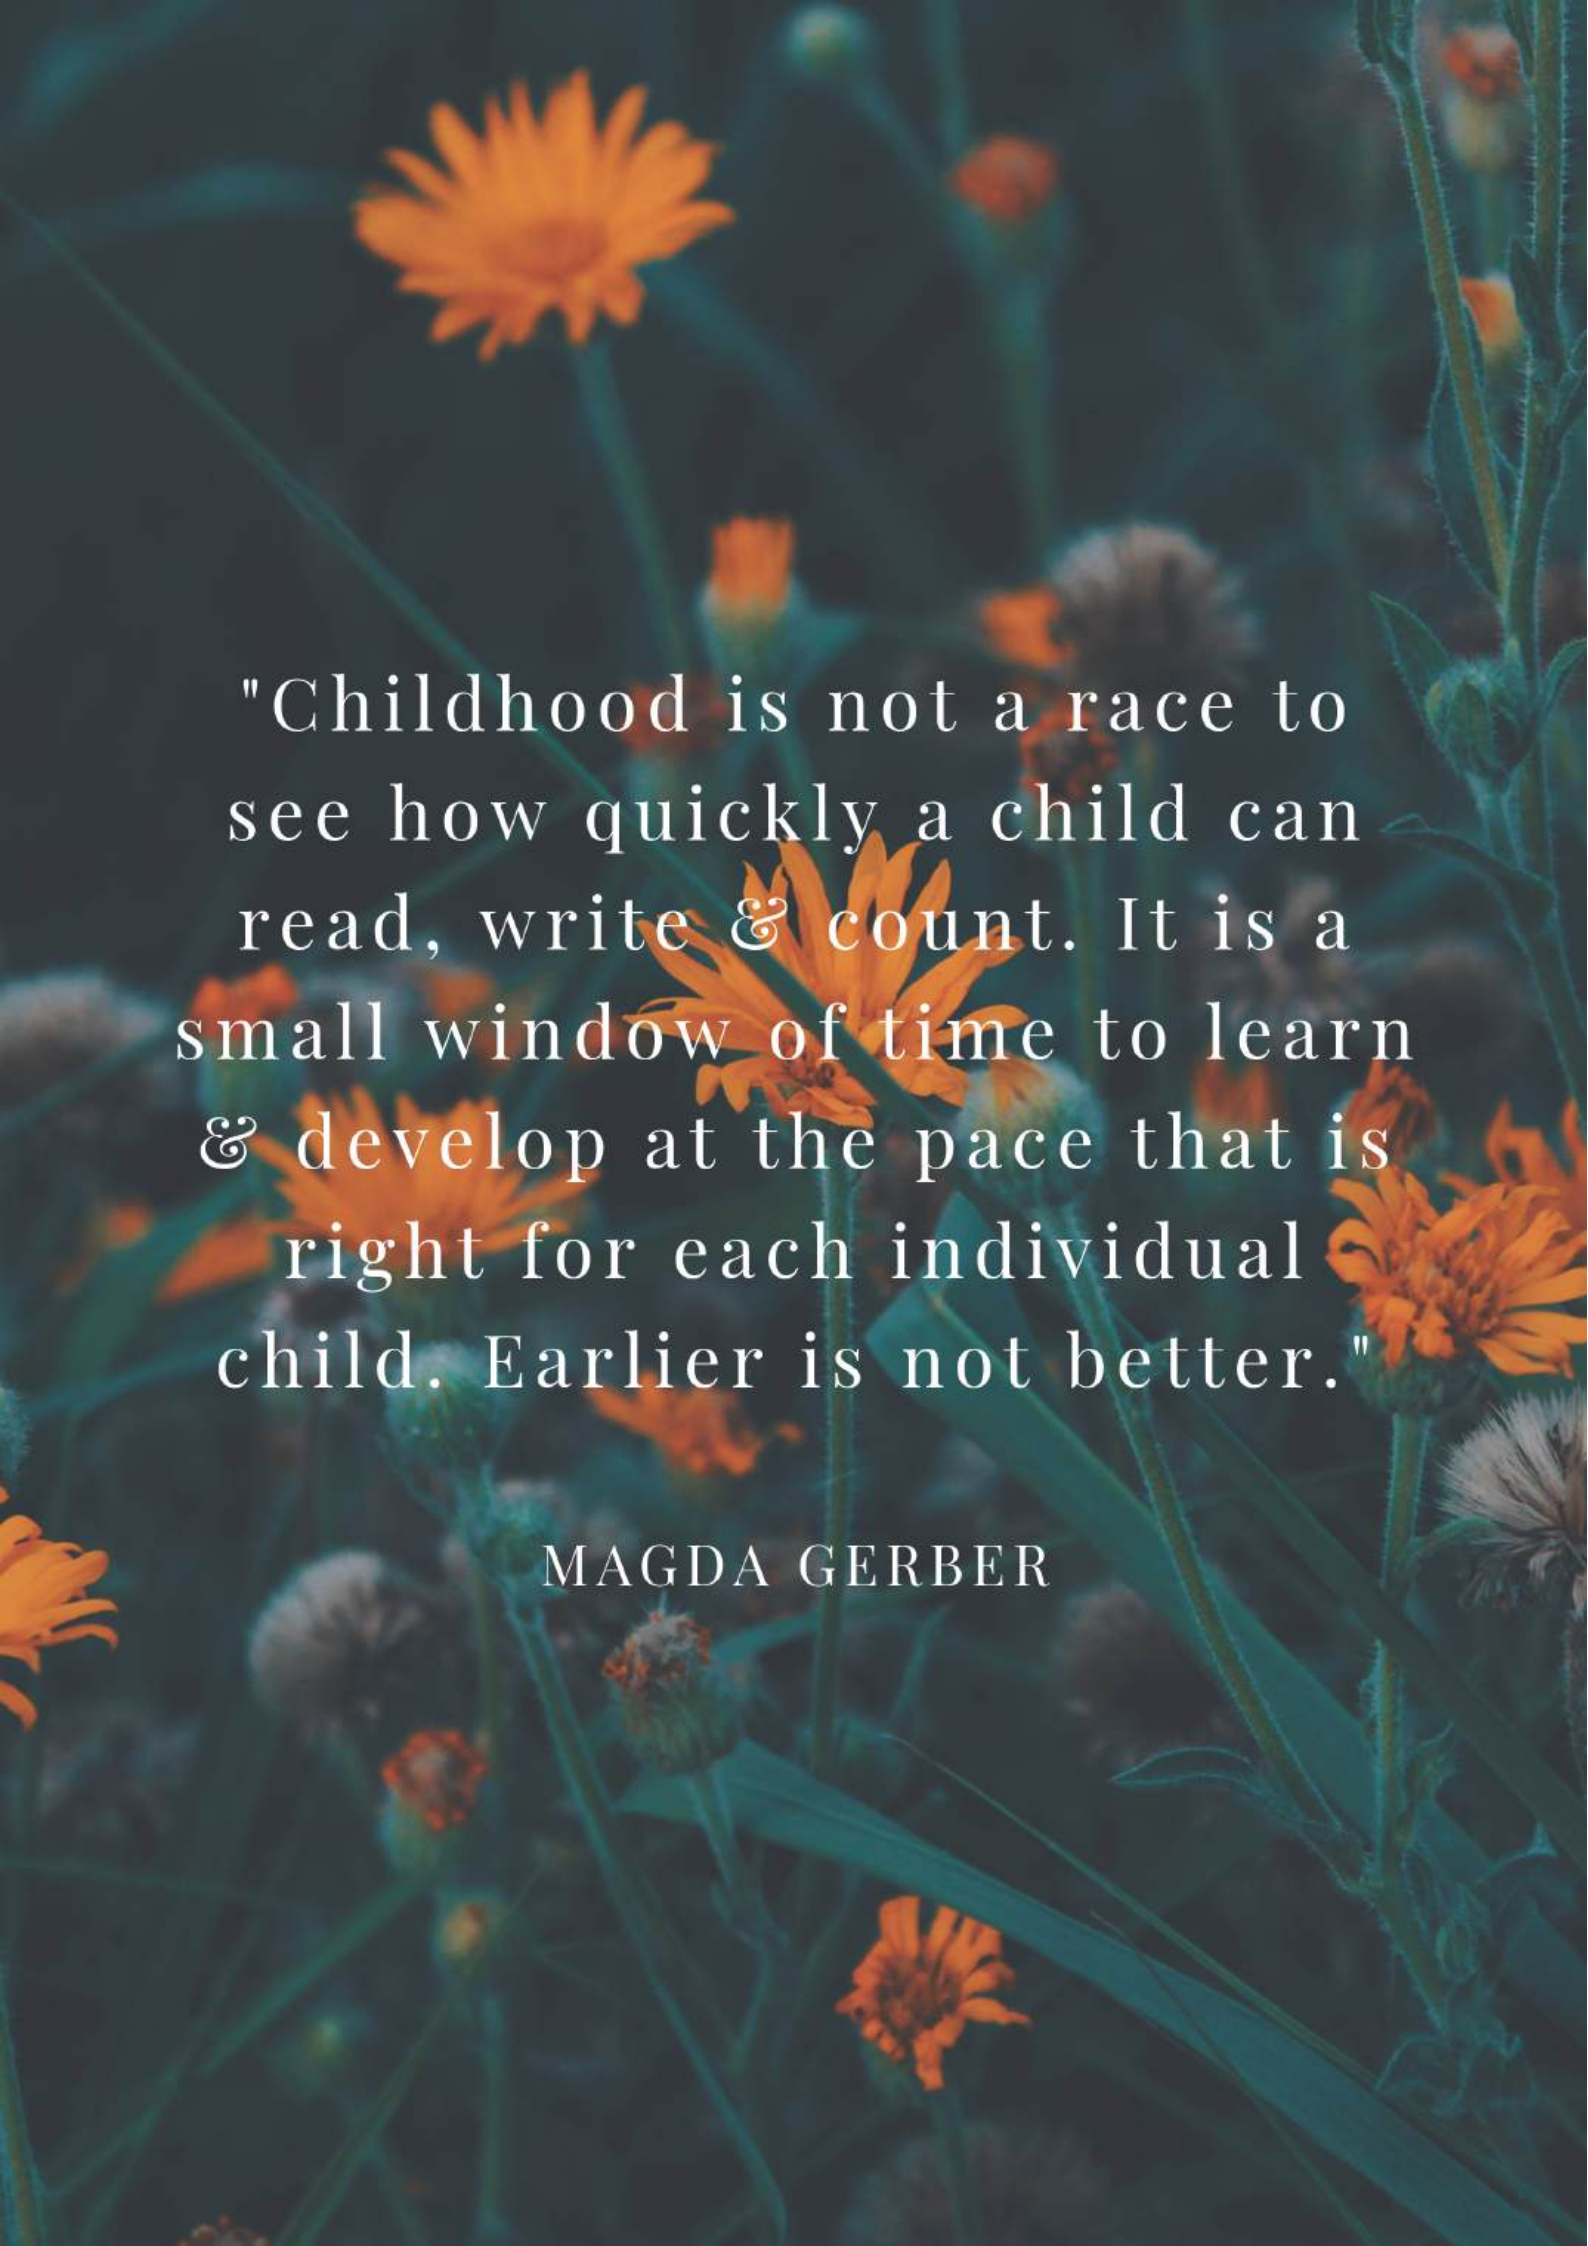

The social skills to make friends, work in groups and treat each other with respect.

The problem-solving skills needed to help with different challenges that lay ahead.

The self-regulation to control their own behaviour.

The understanding of their own emotions and those that others may experience and a physical durability for any challenges that lay ahead.

A field of orange flowers, possibly Aster, with a teal overlay. The text is centered in the middle of the image.

"Childhood is not a race to see how quickly a child can read, write & count. It is a small window of time to learn & develop at the pace that is right for each individual child. Earlier is not better."

MAGDA GERBER

6 A DAY AT EMBERS

At Embers, each day flows naturally, guided by our gentle rhythm. We have just two fixed times: Arrival at 10:00 am and Home Time at 3:30 pm.

Morning Arrival:

Settle in and start exploring.

Morning Circle:

Gather to share news, plan the day, and enjoy a snack.

Project Time:

Continued work on our chosen projects.

Tidy Away:

Help clean up and get ready for the afternoon.

Lunch:

Enjoy a packed lunch, followed by time to play, explore, and rest inside and outside.

Workshops:

Join in on creative and educational workshops.

Tidy Away:

Get ready for the end of the day.

Afternoon Circle:

Share and reflect on the day's experiences.

Home Time:

Say goodbye and head home.

Our flexible rhythm allows children to deeply engage in activities, rest, and play as needed.

Please bring a packed lunch, snack, and drink for your child. Warm layers, cosy slippers, and weather-appropriate clothing are also important.

Our caring team of Lead and Support Learning Facilitators, all DBS checked and first aid trained, are here to provide a safe and enriching experience.

"Children are born with all
the wonder they will need.
Our job is not to take
it away."

AINSLEY ARMENT

8 COMMUNITY DETAILS

Embers Learning Community is created by Home Educators for Home Educating Children aged 5-14 years old.

We are based in the pretty villages of Copythorne & Bransgore both situated in The New Forest.

We are Ofsted registered, fully insured & all staff are DBS checked.

Children can attend up to 2 days at Embers to supplement their home educating journey; unlike a school, the responsibility of the child's education remains with the parents or carers.

The day starts at 10.00am & finishes at 3.30pm. We follow the Hampshire school terms, running 39 weeks a year.

Embers Copythorne

At Embers Copythorne we run on Tuesdays & Thursdays. Copythorne is within easy access from Bournemouth, Southampton, Winchester, New Forest, Totton, The Waterside, Romsey & Salisbury.

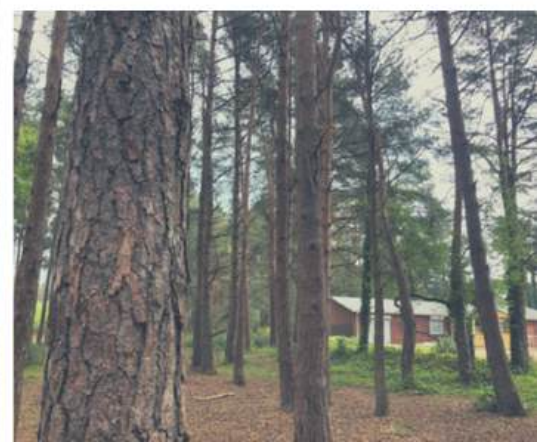

Our community is set on 3 acres of private land, with 1 main indoor learning space & 2 break away spaces, a large kitchen and plenty of onsite parking. We also run our Forest Preschool from this site, perfect for the younger children.

Embers Bransgore

At Embers Bransgore we run on Tuesdays & Wednesdays. Bransgore is within easy access from Bournemouth, New Forest, Christchurch, Wimborne, Ferndown & Ringwood.

Our community is set on 3 acres of private land, with a large indoor learning space, kitchen, private woodland with direct access to The New Forest National Park & plenty of onsite parking. We also run our Forest Preschool & Nursery 10 minutes from this site, perfect for the younger children.

9 REGISTRATION

If you'd like to join us at Embers, please email us at embers@theoutdoorlearningcompany.co.uk to start the process.

To maintain a good mix of ages each day, we may have limited spaces available for different age groups. We embrace diversity and strive to support all home-educated children who wish to attend Embers. We will do our best to accommodate each child's needs, but group facilitators may need to turn down a place if they feel they cannot provide the necessary support.

We offer a free trial session to help everyone see if Embers is a good fit. If the trial goes well for the child, parents/carers, and our facilitators, we'll set up a monthly payment schedule. If we can offer your child a spot, a non-refundable registration fee of £50 will be required to secure it. Please note that if you decide to withdraw, we ask for a four-week notice period. Our Lead Learning Facilitators are always available to provide feedback at drop-off or pick-up each week.

"Children are not things to be moulded, but people to be unfolded."

JESS LAIR

10 COMMUNITY COMMENTS

"Ask any Home Ed veteran parent what the most important thing they gave their children was and they won't necessarily tell you it was the freedom, or the amazing experiences, they'll tell you it was community. Growing up within a group of mixed aged children who all have such vastly different ideas and interests is how excitement and enthusiasm for new passions is sparked. What we learn from each other is immeasurable and that is what Embers offers... a chance to learn and grow into their individual selves while they are challenged, inspired and cheered for by their community.

My oldest home educated child is 15 and we've never been in school. My aim for the past 15 years was to inspire my children but also respond to their interests as quickly and actively as possible. I wanted them to be able to run with their passions and ideas, with a caring facilitator at their side guiding them along. Having multiple children and much younger siblings often makes that hard and I found frustration mounting for both my children and myself. Joining Embers meant welcoming in a team to my Home Ed journey that had the same ethos as me but all the time and resources I didn't to help me achieve my goal. My child comes home every week inspired. They work on their own ideas but are introduced to so many others that the whole family's life is richer for it. Sometimes you have an idea in your head of how Home Ed can be, the Embers team has made mine possible."

Adeola, New Forest

"I love Embers because of the freedom to be creative and have your own ideas. I love spending time with friends there and all the outside time together. The adults are amazing and it's not like school at all- it's better!"

Ethan aged 9 Bournemouth.

"Embers staff get to really know the children and embrace their interests and passions, whilst scaffolding the children to reach their full potential. I never thought my children would take part in a play, or be so genuinely enthusiastic about their projects! The balance between child-led and the rhythm of the day has been beautifully orchestrated to make children feel safe but free. Thank you Embers Team for making Tuesdays so special for my boys!"

Kate, Bournemouth

"We weren't sure how Embers would work out for our daughter as she can lack confidence sometimes but it has really been amazing for her. She has done things at Embers which she would never have tried before, I was especially amazed in the play put on at Sharing Day, she was incredibly proud of herself. It's such a lovely community for her to be part of and a great variety of activities she has been able to learn from with supportive adults and friends. She asks me all week how many days until Embers."

Sarah, Bournemouth.

"I love Embers because I have fun and see my friends. I feel comfortable."

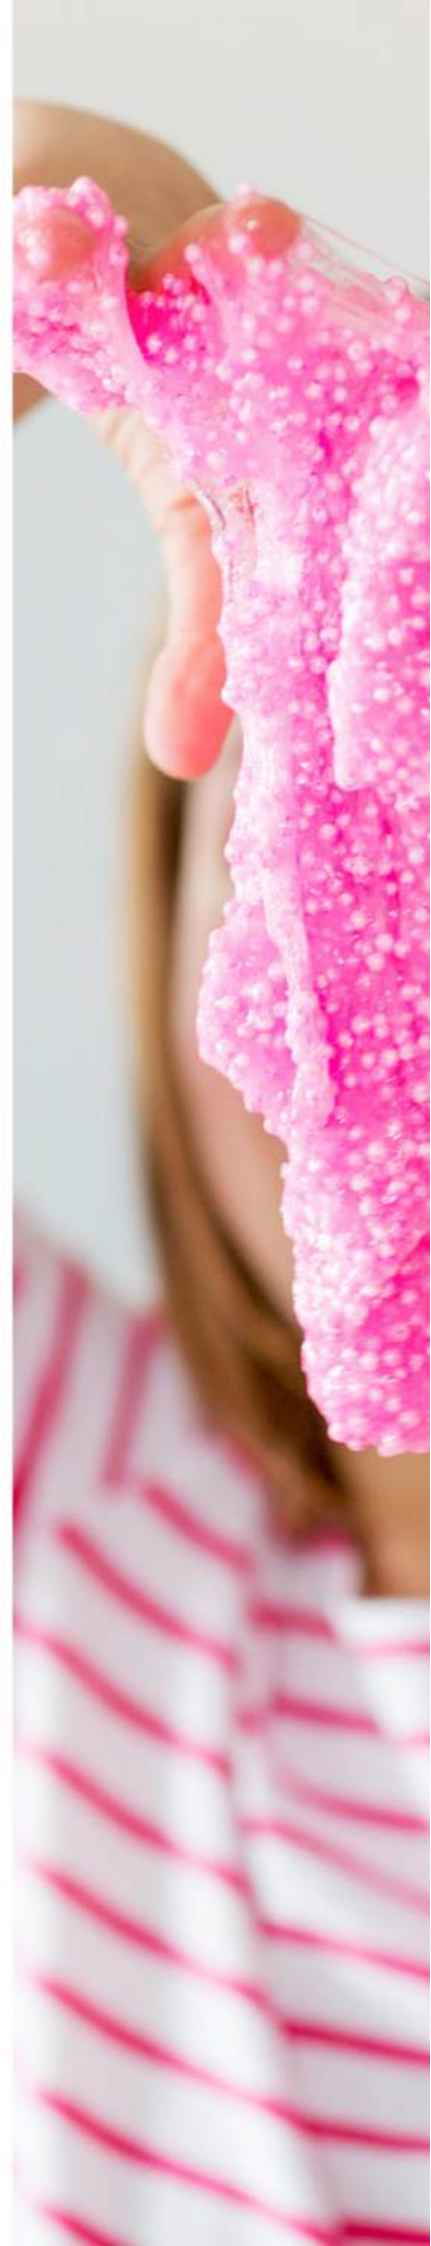

Phoebe aged 8, Bournemouth

"What I love most about Embers is being creative all day and getting to choose if I want to play outside or in. There are always lots of different activities and I love that I get to choose for myself which one I want to do."

Gabe aged 10, New Forest

"My favourite part of the day at Embers is Project Time, where we work on our really cool projects to show our families on Sharing Days."

Agnes aged 10, New Forest

11 OUR OTHER SERVICES

Our popular Outdoor Adventurers Home Ed days run 4 days a week from the Hinton Admiral Estate where children will be able to engage with nature over acres of private woodland. We are now also running sessions on Mondays and Wednesdays from The Cricket Camp, River Hamble Country Park, Southampton.

Many of our Embers children attend Outdoor Adventurers as well, We find that the sessions compliment each other well,

Here at The Outdoor Learning Company we are lucky enough to run two Forest Pre-Schools for under 5s. Inspired by the Forest School approach to learning, your child will have a unique experience being immersed in nature, using tools and exploring the woodland throughout the seasons.

We also have Outdoor Adventurers Forest School Holiday Clubs in various locations for the over 5s. We can also host a Forest School Birthday Party at our Hinton.

For more information on any of our services please visit www.theoutdoorlearningcompany.co.uk
